The Corporation of the Municipality of Wawa Staff Monthly Report

Office of Community Services and Tourism

| Prepared For: Committee of the Whole | Report No.: AP 2023-02 |
|--------------------------------------|------------------------|
| Agenda Date: March 21, 2023 | File No.: C11 |

Preamble

This report details the activities of the Department of Community Services and Tourism for the months of January and February 2023.

General

January is a month full of preparations for the busy end of season events that occur in February and March. Staff operate the facility, work on the winter carnival and ice fishing derby events, and help prepare the Operating and finalize the Capital budgets with the assistance of the Finance department. In February, we hosted one of the most successful winter carnivals in the past decade, with amazing participation from the community.

Capital Projects

MMCC Sports field Running Track

Staff have completed the legal agreement with Trillium for the Sports field track, as well as prepared a Request for Proposals (RFP) for the Track that was released to contractors in early March. Staff expect to recommend a successful proponent to Council in April and have the work completed in May, in time for the traditional meets held end of May and in June by the area schools. The replacement of the track will consist of:

- Remove the existing material and stockpile it at the Municipal Garage located on 26 Magpie Road in the rear yard. An estimate of 6" of old sinter material as well as an additional 6" of base material for an expected total removal depth of approximately 1' depending on local soil conditions.
- Supply and install the following:
 - o Geotextile or other similar weed barrier
 - o 6" of "B" gravel
 - o 6" of clear, washed crush, packed to grade

MMCC

MMCC Bookings

The facility has returned to or exceeded pre-pandemic levels for most of the operating season, including a very busy fall and start to winter. With most league games for the season booked pre-Christmas break, there was a slight downturn in arena ice bookings. Additionally, fitness membership sales are up from pre-pandemic levels, and staff are hopeful that an NOHFC grant that is currently under review will assist in expanding the physical space of the gym to reduce crowding. Staff have prepared the following graphs to illustrate the past years of bookings each month:

Special Events hosted at the MMCC

- APH Clinics
- Birthday Parties x5
- SSM vs Timmins Hockey Games
- WMHA u13 Games
- WMHA u11 Games
- WMHA u15 Games
- WMHA U9 Jamboree
- WMHA Timbits Jamboree
- U13/U11 Mustangs Hockey Games
- Council Training
- Curling 2 Person Funspiel
- Curling Mixed Bonspiel
- Winter Carnival
- MGC Annual General Meeting
- Senior Drive Interviews
- Curling 3 Person Spiel
- Various meetings MGC, CHADWIC Girl Talk etc.
- Minds in Motion Weekly

Ceiling Tiles

- Tiles throughout the facility often show brown spotting. This is a combination of roof leaks and old glycol leaks from the defunct system
- Staff engaged a roofing contractor who made multiple visits to the facility in 2022 to patch various locations of the roof, as well as completed some HVAC repairs around the units to stop leaks from inside these roof penetrations. Unfortunately, as noted previously, the facility is in a condition where patching leaks opens up new ones in different locations, and we inefficiently chase these throughout the season.
- With more thaw/freeze events this year, additional and new small leaks sprung throughout the season. This increased the damage to tiles throughout the building.
- Staff replace ceiling tiles on a regular basis however this is not a constant rotation as this would be too costly both in materials and time. Therefore, we review on a monthly basis as part of our JHSC building inspections and replace in tandem with light bulbs.
- This issue will continue until HVAC and roofing issues are resolved staff have an application pending with the NOHFC for HVAC units which also has budgeted to improve the curbing around roof penetrations

Community Events and Recreation

Wawa Winter Carnival

With the help of an excellent group of volunteers and community businesses, the Department hosted one of the most successful winter carnivals of the last decade. We had over 30 individual events that residents and visitors could participate in, with the majority being put on by volunteers, service groups, and community organizations. Over 80 volunteers participated in putting on the event, which saw the MMCC as well as several other community facilities host a variety of the weekend events. There was excellent participation from the community throughout the event, with approximately 800 residents come out to the variety of activities on offer.

Winter Fitness Classes

Staff started the Winter Fitness program, with 5 daytime classes and 2 evening classes offered. Both daytime and evening classes have been well attended. Zoom classes are offered during the day, with an average of 4 members joining online. Staff are working on the 7 week spring schedule, to begin in April. Grants and donations are being worked on and submitted to secure funding for upcoming sessions, as well as secure adequate funding to offer free senior community classes.

Wawa Goose Nest Planning 2023

Staff also completed the calendar and planning for the 2023 goose nest markets in consultation with the Committee. This ensures that all vendors and residents can be informed about the programming for these markets. The Department is currently working to build capacity within this volunteer committee who are taking on more organizational roles, which reduces the load on our already limited staff.

Tourism 5 Year Plan

Staff and the Bannikin Tourism and Travel team are in the final stages of planning the actions of the 5-Year Tourism Plan. Staff met with the Consultant 5 times, including a meeting with the EDTAC to review the Plan. This is the culmination of months of hard work on the plan from staff and the consultants. Bannikin has presented to Council the draft report and is incorporating final feedback into the completed report which is due before March 31 to meet the Fednor Funding requirements. A staff team is finalizing the implementation plan to ensure that each action has a responsible person, a timeline and a key performance indicator.

Tourism Marketing Intern

Our tourism marketing intern has found gainful employment in her industry with a private firm. This is excellent news and the intention of the NOHFC internship funding project. However, we are currently down this intern until we can finalize our claim and extend the project for an additional year. Staff expect to hire another intern subject to extended funding and pick up where we left off in May.

Other Projects

Nothing to Report.

Funding and Grants

MMCC Funding Application – NOHFC

Staff completed Stage 2 applications for both Phase 1 (HVAC) and Phase 2 (interior) portions of the MMCC Modernization Project. These applications have been reviewed by our NOHFC funding officer who provided positive feedback on their contents. We have been advised that the project-based management review and is now at the final stage – the board level.

Seniors Community Grant 2023

Staff completed an application to the 2023 intake for the Seniors Community Grant to restart free functional and at-risk seniors programming. This program funding was cut during the pandemic by the Province and while the Municipality took on some expenses for the past 2 years, it is not sustainable to continue doing so without additional provincial funding. For this program, we partnered with the LDHC and WFHT to develop a barrier free program that the healthcare organizations in our community can send seniors at risk to ensure that they have the opportunity to socialize and recreate in our community. We expect to hear the results of the funding in May / June for a July program start.

Seniors Inclusivity Grant Program

Staff completed research and spoke with a grant advisor on the Seniors Inclusivity Grant 2023 intake. This program has a due date of April 6 and is focused on helping communities to achieve the goals set out in their age friendly plans. In this grant application, we will be focusing on the communication to senior's aspect of the plans' recommendations, including the installation of digital signage at facilities around our community.

Next Two Months Outlook

In March and April, staff will focus on busy events, removing ice and deep cleaning the facility in April in preparation for the summer.

• Operations

- Ice Fishing Derby
- o Hose flood curling ice to prepare for bonspiels
- Ice Removals Curling and Arena

Recreation

- Acquire funding and schedule free seniors programming
- Prepare spring programming
- Host Ice Fishing Derby, TOC's

• Tourism

- \circ $\,$ Finalize the 5-Year Action Plan with Bannikin and EDTAC $\,$
- Complete draft of new Visitor Guide and receive community feedback
- o Hire new Tourism Marketing Intern

Administration

- Complete 2023 Budget Process
- Complete 2023 Work Plan
- NOHFC funding applications for Phase 1 and 2 provide additional information upon request.

Goose Nest Market Bundle Up! 2022 Vendor Survey Responses

How satisfied were you with your nest location? 8 responses

How satisfied were you with the resources supplied to you? 8 responses

How satisfied were you with the lighting in the nest? $\ensuremath{\mathtt{8}}\xspace$ responses

Suggestions/comments/explainations:3 responses

The lighting was fine during the day would have been an issue in the evening.

Need more lighting/heat. Holding the nests earlier in daylight hours— 11-1 & 3-5 would be better. Or place the nests in a circle formation facing each other instead. It would create a more interactive market amongst sellers. They don't need to face the main road. It would cause more curiosity as to what is being sold.

The Markets could probably be condensed to 2 days- Friday and Sat

How satisfied were you with the Event's hours? $\ensuremath{\mathtt{8}}\xspace$ responses

What would be your preferred duration of each nest session ? ⁸ responses

Did you feel you had enough time to set-up for the event? ⁸ responses

Suggestions/comments/explanations:4 responses

Get rid of night nests—too dark and too cold. Have 11-1 & 3-5 instead not sure what option 4 means- the time limit was fine Be nice to have another market before Christmas I opened my nest early, as I need two hours.

How would you rate our communication with yourself as a vendor overall? $\ensuremath{\mathtt{8}}\xspace$ responses

How would you rate our advertising of the event? 8 responses

Please check all the ways you saw/heard about the event.

8 responses

Suggestions/comments/explainations:2 responses

It would help to have a little video or pics of the nests a week prior to set up so that vendors know what is there and what they have to work with and what they need to bring. Start advertising earlier, up until the event.

Any suggestions on what the event could offer attendees (children and/or the general public) to draw bigger crowds, or provide a more meaningful or better experience?8

responses

Hot chocolate stand

If nests were in a circle facing each other you could have a bon fire seeing as the fire dept is there. Have hot chocolate avail to the public. Have music playing low to create a welcoming atmosphere.

The sunday market was very slow- if not for the folks who came for Judy Page we probably wouldn't see the folks who came out.

Perhaps a free draw for a prize from each of the vendors.

ххх

Warmth! Warm drinks & a place to warm up

Hot chocolate/ treat stand for kids and attendees, music (speakers)

Christmas music in the background would have been nice during the event.

Based on your own expectations, how was the community attendance at the event? 8 responses

How likely are you to participate as an exhibitor next year? $\ensuremath{\mathtt{8}}\xspace$ responses

If you will not be participating next year, would you mind sharing why?2 responses

Too dark, too cold, not too many ppl want to go out at night due to safety and bc it's too cold/dark.

The temps would be the only issue to make me reconsider

Please leave any other comments, questions, concerns or suggestions for the organizers.

8 responses

Thank you to those that organized the event.

Open the sign up sooner and give sellers more notice when they are scheduled.

We love the markets- they've become a bit of a tradition for us

Have a few markets in December

Great job by organizers.

Many commented that they didn't like having to come back 4x to see all the vendors

Earlier callout for vendors ③. Also, as a suggestion, though I know it's tricky, try to have fuller markets. If not enough vendors to fill all nests each time, reduce the number of timeslots to fill each timeslot. Some of the markets felt like there wasn't much there, which might deter people from coming in the future, and might have detered people from coming this time.
