

Resilient Roots, Thriving Future

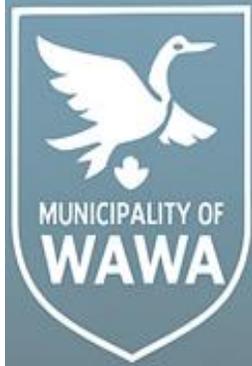

Wawa Strategic Plan 2026-2027

Land Acknowledgement

The Municipality of Wawa acknowledges that we are situated on land that has been inhabited by Indigenous peoples since time immemorial.

We recognize that the Municipality of Wawa is in the Robinson-Superior Treaty territory and the land is the traditional territory of the Anishinaabe. Specifically, we acknowledge the neighbouring community of Michipicoten First Nation, for whom we have great respect.

We also recognize the contributions of all Indigenous peoples, including the Métis, in shaping and strengthening the community and Province of Ontario.

Resilient Roots, Thriving Future.

WAWA

Vision Statement

**A resilient, inclusive
and sustainable
community built on
innovation,
partnerships and
shared prosperity for
future and thriving
generations**

Mission Statement

Council and its employees proudly serve the community by providing a balanced range of sustainable, affordable and necessary core municipal services and programs that meet residents' needs.

Core Values

Our Core Values are our beliefs. They are what guides our actions. Our Core Values are a statement about who we are as a municipal government. In addition, our Core Values confirm who we are as a Council, staff and volunteers. Our Core Values remind us of how we will administer our affairs, deal with issues or respond to the people. They will guide our day to day, as well as our long-term decision making.

A. Integrity and Respect

We strive for high standards of professionalism and ethical behaviour in the workplace. We conduct ourselves with openness and transparency to inspire trust. We strive for the equitable and fair treatment of everyone.

B. Teamwork and Collaboration

We foster an environment of equality where all people are valued and treated with dignity and fairness. We work together for the benefit of the community. We build internal and external relationships to achieve common goals.

C. Excellent Customer Service

We endeavour to provide excellent public service, improve our internal and external relationships and respond to all we serve quickly and professionally. We strive to respond to all inquiries within 24 hours.

D. Fiscal Responsibility and Sustainability

We strive to increase the efficiency and effectiveness of the organization through long-term planning, increasing reserves for capital improvements and completing annual operational plans focused on best value for use of public money.

E. Accountability

We believe in being accountable and taking responsibility for ourselves, our employees, our customers and our work. We strive to meet annual goals and objectives and communicate the outcomes to our residents.

Key Priorities and Action Items

Key Priorities and Action Items are where our Vision is turned into action. They are the steps we will take to realize our goals, objectives and vision. Transformation Review topics are provided for cross-reference where appropriate with each Action Item. Key Priorities and Action Items are measurable for future monitoring and reporting purposes. Each Action Item is accompanied with a recommended priority ranking and an estimated timeline. Action Items may span multiple years, occur annually or require permanent on-going effort. Timelines are an estimate of the year and/or frequency of engagement for each Action Item. Timelines are intended to be a guide for planning purposes. Timelines are not cast in stone and may require adjustments. Staff will monitor and report on the Key Priorities and Action Items semi-annually to ensure the Plan is on track.
