2026-2029 Provincial Operational Plan

Strategic Priorities and Commitments

Valuing Our People

A healthy and resilient OPP

We will be the employer of choice supporting our members, personally and professionally, in their pursuits of excellence.

Working With Purpose

A responsive and evolving OPP

We will be a leader of policing excellence empowering our members to deliver the best service for Ontarians.

Communities We Serve

A collaborative and progressive OPP

We will courageously pursue community safety outcomes, building cooperative and strategic relationships with partners who share Our Vision.

Connection Driving Alignment

A connected OPP

We are one OPP emphasizing curiosity and innovation, aligning with our members' efforts, while ensuring actions are consistent with Our Mission and Our Values.

COMMUNITY WELL-BEING 16

Message from the Detachment Commander

I am pleased to present the 2026-2029 Superior East Detachment Action Plan. This action plan has been prepared and adopted per the *Community Safety and Policing Act*, 2019 (CSPA) and in alignment with the Ontario Provincial Police 2026-2029 Strategic Plan.

The 2026-2029 Superior East Detachment Action Plan outlines commitments, actions, and desired outcomes for the detachment over the next four years. It addresses how we will provide adequate and effective policing in our area and will meet the needs of the communities we serve. To reflect these priorities, the plan is organized in three sections:

- Crime
- Roadways, Waterways and Trails
- Community Well-Being

The plan also includes qualitative and quantitative performance objectives and indicators so we can appropriately measure the outcomes of our actions.

The 2026-2029 Superior East Detachment Action Plan was created in consultation with relevant stakeholders.

- We met with the Superior East OPP Detachment Board, and we have integrated their identified objectives and priorities into our detachment's action plan:
 - **Community Focus** – Enhance police engagement with youth by increasing officer presence in schools and supporting initiatives that help officers better understand the challenges youth face.
 - **Social Issues** – Increase public awareness of social issues by educating the community about the challenges faced by individuals experiencing mental health concerns and substance use issues, as well as the resources available to support them. Collaborate with community partners to develop coordinated strategies that effectively address and mitigate these issues.
 - **Crime** – Reduce harm and victimization related to violent crime, with a particular focus on intimate partner violence. Work with communities and schools to design and implement proactive, evidence-based strategies to disrupt illicit drug activity and reduce incidents of property crime.
 - **Roadways, Trails, and Waterways** – With substantial growth in the mining and forestry sectors, commercial motor vehicle traffic has increased significantly in our communities and on our highways. Additional focus is required to ensure public safety through public education on legal requirements and responsibilities when travelling on highways, combined with enhanced police engagement and targeted enforcement initiatives.
- We engaged with municipal representatives in our area to understand their concerns and priorities.
- We engaged with the First Nation Band Chief and Council in our area to better understand their concerns and priorities.
 - Michipicoten First Nation identified their priorities as enhancing positive police relationships and traffic safety education with youth and community members, maintaining zero tolerance for impaired driving, drug trafficking, and related incidents.

- We engaged with school boards, community organizations, businesses, and other members of public to inform this plan.
- To ensure this Action Plan aligns with the needs and priorities of our community, a targeted survey was distributed to key stakeholders, including school boards, hospitals, detachment board members, mayors, and municipal councillors. Feedback highlighted a desire for:
 - A reduction in illicit drug trafficking
 - Increased traffic enforcement
 - Additional police patrols, including foot and trail patrols
 - A more visible presence at community events

Additionally, concerns related to intimate partner violence, drug-related activity, and property crime were consistently identified as top public safety priorities.

The 2026-2029 Superior East Detachment Action Plan is the first action plan prepared under the CSPA. Detachment Board Annual Reports will continue to be enhanced to reflect the updated reporting requirements.

I am proud of the work we do and the relationships we have built at the Superior East Detachment, and I look forward to our growth and achievements in implementing the 2026-2029 Superior East Detachment Action Plan.

Staff Sergeant Kevin Fellingner
Detachment Commander
Superior East Detachment

Message from the OPP Detachment Board Chair

As the Chair of the Superior East OPP Detachment Board, I am please to present the 2026-2029 Superior East Detachment Action Plan. I also want to briefly outline the board's perspective on our current Local Action Plan, a strategic document developed in collaboration with our Detachment Commander in accordance with the *Community Safety and Policing Act, 2019*.

First and foremost, this plan reflects *your* input. The board emphasizes the critical role of community feedback, gathered through surveys and public input, to ensure our policing services truly meet local needs and expectations. We are here to listen and to act on what we hear. Our responsibility extends beyond just approving the plan. The board is committed to rigorous oversight. We will actively monitor and evaluate the performance of the Detachment Commander and the service delivery to ensure the objectives set within this plan are being met efficiently and effectively.

Policing services alone cannot solve all community challenges. This plan highlights the necessity for continued collaboration. We must work closely with our municipal and Indigenous partners as well as community organizations to address complex social issues such as mental health, addictions, intimate partner violence, drug-related activity and property crime which are vital components of a comprehensive community safety and well-being strategy.

Our local efforts do not exist in isolation. This action plan has been carefully designed to align with the broader, four-year strategic direction set by the Minister of the Solicitor General and the OPP Commissioner's vision for "Safe Communities... A Secure Ontario".

Finally, under the new CSPA, transparency is not just a goal, it's a mandate. The board is dedicated to building public trust through clear policies, open communication, and ensuring accountability in all our operations. We are striving for strong governance that the public can trust.

Thank you. We look forward to working together to ensure a safe and secure community for all.

Sincerely,

Paul Bernier
Chair, Superior East OPP Detachment Board

Our Detachment

The Superior East OPP Detachment serves a vast and diverse region located along the east shore of Lake Superior, encompassing areas within both the District of Algoma and the District of Sudbury. Covering just over 50,000 square kilometres, the detachment's area of responsibility includes a permanent population of approximately 7,100 residents, which grows significantly during the summer months with the influx of transient workers and travellers. The administrative office is situated on Highway 17 in Wawa and is supported by satellite offices in White River, Hornepayne, Chapleau, and Foleyet. In addition to these communities, the detachment also provides policing services to Dubreuilville, Hawk Junction, and Missinabie. Overall service delivery spans eight municipalities and townships, five First Nations communities, and 356 unincorporated townships. The detachment directly polices two First Nations communities—Michipicoten and Missanabie Cree—and supports three others—Brunswick House, Chapleau Cree, and Chapleau Ojibwe First Nations—which are primarily served by the Nishnawbe-Aski Police Service (NAPS).

The region is connected by several major transportation routes, including Trans-Canada Highway 17 and Highways 101, 129, 519, 651, and 631, which provide links between northeastern Ontario communities and southern parts of the province. Maintaining highway safety along these heavily travelled corridors remains a key priority.

The Superior East area is also a well-known tourism destination, offering exceptional snowmobiling and ATV trail systems, world-class opportunities for boating, kayaking, camping, and hiking, and access to some of the most scenic natural beaches along the northeastern shore of Lake Superior. Provincial parks, outstanding hunting and fishing, and a thriving four-season tourism industry further enhance the area's appeal. The detachment also serves regions with significant mining and forestry operations, along with numerous public-sector employers such as schools and hospitals.

At the heart of the Superior East Detachment is its dedicated personnel. Both officers and civilian staff are deeply embedded within their communities, often residing in the areas they serve. Their commitment extends beyond policing, as they actively volunteer, coach, participate in, and support local events alongside their families, strengthening community relationships and enhancing the overall safety and well-being of the region.

Our Detachment Area

Action Plan Commitments Summary

The OPP's action planning process is guided by Section 70 (1) of the *Community Safety and Policing Act, 2019* and ensures compliance with the *Adequate and Effective Policing (General)* standards filed as O. Reg. 392/23.

Through analysis and consultation, the following objectives and priorities were identified for the next four years. These are reflective of how adequate and effective policing will be provided in the areas served by the detachment, in accordance with the needs and diversity of the population.

CRIME	ROADWAYS, WATERWAYS AND TRAILS	COMMUNITY WELL-BEING
Enhance proactive patrols and/or initiatives to target specific local crime trends and reduce victimization, while increasing community safety.	Expand local level expertise in specialized traffic enforcement that would directly benefit our detachment area.	Increase community engagement and strengthen community relationships through enhanced communication and information sharing.
Enhance local level expertise in crimes impacting the communities we serve through investments in training and mentorship opportunities for detachment members.	Sustain a continuous and year-round focus on the Big Four causal factors of fatal, personal injury and property damage collisions on our roadways, waterways, and trails.	Strengthen relationships with local youth by providing structured and unstructured youth programming, delivering information about topics that impact youth, and prioritizing partnerships with local youth-focused organizations.
Reduce harm and victimization in areas of violent crime, with a focus on intimate partner violence, assaults, and sexual assault. Deliver timely, thorough, and trauma-informed investigations. Improve clearance rates and judicial outcomes through evidence-based practices. Foster collaboration with specialized units, community partners, and victim services to reduce harm and re-victimization.	Increase public education and awareness of traffic safety, vehicle safety, and traffic-related legislation through enhanced engagement, presentations, and data sharing.	Enhance partnerships with local service providers to best support calls for service related to mental health, substance use and addictions, persons with disabilities, persons experiencing homelessness, and other factors that may contribute to increased victimization.

Reduce the availability and impact of illicit drugs through proactive enforcement and intelligence-led investigations. Target organized crime and street-level trafficking through coordinated operations. Enhance collaboration with specialized units and community partners to address drug-related harm. Support prevention and education initiatives to reduce substance abuse and associated criminal activity.		Improve assistance to victims of crime through expanded resources, specialized training for officers, and collaborative partnerships with local agencies.
Reduce harm and victimization related to fraud, cybercrime, and property crime by improving investigative outcomes and increasing clearance rates through targeted enforcement, specialized training, and collaborative approaches.		
Prevent repeat victimization by targeting offenders and strengthening bail compliance enforcement.		

CRIME

COMMITMENTS	ACTIONS	OUTCOMES
Enhance proactive patrols and/or initiatives to target specific local crime trends and reduce victimization, while increasing community safety.	Conduct monthly reviews of local crime data and calls for service to identify emerging patterns (e.g., property crimes, impaired driving, domestic incidents). Use analytics to prioritize patrol zones and times based on peak activity. Assign officers to high-visibility patrols in identified hotspots during peak hours. Incorporate vehicle, foot and MSV patrols to maximize community presence and deterrence. Partner with local organizations and stakeholders to deliver crime prevention education (e.g., fraud awareness, property security). Track reductions in targeted crime categories (e.g., break and enters, thefts). Monitor community satisfaction through surveys and engagement feedback. Measure officer proactive activity (e.g., patrol hours, community contacts).	Through targeted patrol strategies and community engagement initiatives, the detachment will achieve measurable reductions in identified local crime trends, such as property crimes and impaired driving, while increasing public confidence in police presence. Data-driven deployment will result in higher proactive patrol hours in priority areas and a demonstrable decrease in victimization rates.
Enhance local level expertise in crimes impacting the communities we serve through investments in training and mentorship opportunities for detachment members.	Enhance detachment expertise through targeted training in key areas, including intimate partner violence, fraud, property crimes, and drug offences. Training will also focus on core policing skills such as interviewing, investigations, and evidence handling; community-focused approaches including cultural competency, mental health crisis response, and public engagement; as well as mentorship	By enhancing detachment expertise through targeted and comprehensive training, officers will be better equipped to investigate complex crimes, provide trauma-informed and culturally competent service, and engage more effectively with community members. This will lead to improved investigative quality, strengthened

	and leadership development supported through on-the-job learning, scenario-based exercises, and decision-making workshops.	community trust, more consistent and professional service delivery, and increased confidence and readiness among officers to respond to a wide range of policing challenges.
Reduce harm and victimization in areas of violent crime, with a focus on intimate partner violence, assaults, and sexual assault. Deliver timely, thorough, and trauma-informed investigations. Improve clearance rates and judicial outcomes through evidence-based practices. Foster collaboration with specialized units, community partners, and victim services to reduce harm and re-victimization.	Implement mandatory trauma-informed interviewing techniques for all officers managing violent crime cases, ensuring timely and consistent follow-up. Deliver specialized training programs focused on advanced investigative techniques for complex criminal cases to enhance officer proficiency and improve overall case quality. Formalize partnerships with specialized units (e.g., Crime Unit, Forensic Identification) to support complex investigations. Strengthen coordination with victim services and community agencies to provide wraparound support and reduce the risk of re-victimization. Monitor and document the use of victim services to assess their effectiveness and identify opportunities for continuous improvement.	These measures will lead to more thorough, sensitive, and effective investigations of violent crime cases. Officers will be better equipped to gather reliable evidence through trauma-informed practices and advanced investigative techniques, resulting in improved case quality and increased likelihood of successful prosecutions. Strengthened partnerships with specialized units and community agencies will ensure coordinated, wraparound support for victims, reducing the risk of re-victimization and enhancing overall victim confidence in the justice system. Ongoing monitoring of victim service utilization will support continuous improvement and help ensure that victims receive timely, appropriate, and effective assistance.
Reduce the availability and impact of illicit drugs through proactive enforcement and intelligence-led investigations. Target organized crime and street-level trafficking through coordinated operations. Enhance collaboration with specialized units and community partners to address drug-related harm.	Conduct targeted operations against organized crime groups and street-level traffickers based on intelligence and crime trend analysis. Increase patrol presence in known drug activity areas. Strengthen intelligence gathering and collaboration with provincial and federal agencies. Use data analytics to identify trafficking networks and disrupt supply chains.	The Superior East Detachment will reduce the availability and impact of illicit drugs through successful intelligence-led investigations and coordinated enforcement operations. Enhanced collaboration with specialized units and community partners will lead to improved prevention strategies and reduced drug-related harm.

Support prevention and education initiatives to reduce substance abuse and associated criminal activity.	Partner with specialized units (e.g., Organized Crime Enforcement Bureau, Community Street Crime Unit) for complex investigations. Work closely with community partners and health agencies to address drug-related harm and support prevention efforts. Deliver community presentations on substance abuse risks and prevention strategies. Support school-based programs and outreach initiatives targeting youth. Track number of drug-related arrests, seizures, and dismantled networks. Monitor reduction in drug-related calls for service and overdoses.	
Reduce harm and victimization related to fraud, cybercrime, and property crime by improving investigative outcomes and increasing clearance rates through targeted enforcement, specialized training, and collaborative approaches.	Conduct intelligence-led operations focusing on known fraud and property crime hotspots. Increase proactive patrols and surveillance in areas with high reported incidents. Deliver advanced training for officers in cybercrime investigations, digital evidence handling, and fraud detection techniques. Strengthen ties with financial institutions, provincial and federal cybercrime units for complex case support. Achieve a measurable increase in clearance rates for fraud and property crime cases. Utilization of community-based crime prevention initiatives delivered by Community	The Superior East Detachment will achieve measurable reductions in fraud, cybercrime, and property crime victimization through improved investigative outcomes, and increased clearance rates. Officers will demonstrate enhanced expertise in specialized investigative techniques, resulting in stronger judicial outcomes and greater offender accountability. Collaborative partnerships with financial institutions, and community agencies will lead to more effective prevention strategies and increased public confidence in the OPP.

	Engagement Officer (CEO) such as Safeguard Ontario Property Security Program which offers Property Security Reviews for homes and businesses, focusing on crime prevention through environmental design (CPTED).	
Prevent repeat victimization by targeting offenders and strengthening bail compliance enforcement.	Maintain strong support for the Offender Management Apprehension Program (OMAP) within the detachment by actively monitoring offenders with bail conditions and ensuring strict adherence to established protocols for regular compliance checks and risk assessments. Assign a full-time Detective Constable to lead OMAP operations, ensuring consistent monitoring and follow-up. Prioritize high-risk offenders for proactive compliance checks and enforcement actions. Collaborate with specialized units and Crown attorneys to address breaches swiftly. Coordinate with victim services to provide timely updates and support for victims impacted by repeat offenders. Track number of bail compliance checks conducted and breaches enforced.	The detachment will achieve improved compliance with bail conditions and a measurable reduction in repeat victimization through consistent monitoring of high-risk offenders under the OMAP program. Dedicated resources, including a full-time Detective Constable, will ensure timely enforcement of breaches and adherence to risk assessment protocols. These efforts will enhance community safety, increase offender accountability, and build public confidence in proactive policing strategies.

ROADWAYS, WATERWAYS AND TRAILS

COMMITMENTS	ACTIONS	OUTCOMES
Expand local level expertise in specialized traffic enforcement that would directly benefit our detachment area.	Deliver advanced courses in commercial motor vehicle (CMV) enforcement, impaired driving detection, and collision reconstruction. Include certification opportunities for Marine, Motorized Snow Vehicle (MSV) and All Terrain Vehicle (ATV) enforcement to strengthen coverage on waterways and trails.	Increased number of detachment members with specialized training in traffic enforcement techniques directly impacting the community, resulting in positive traffic safety outcomes.
Sustain a continuous and year-round focus on the Big Four causal factors of fatal, personal injury and property damage collisions on our roadways, waterways, and trails.	Conduct seasonal and intelligence-led enforcement campaigns focusing on high-risk areas and peak times. Utilize specialized units and equipment (e.g., marine patrols, MSV patrols, RIDE programs) to address waterways and trail safety. Deliver public safety campaigns through social media, community events, and partnerships with local organizations promoting safe driving, boating, and trail use practices year-round. Analyze collision data monthly to identify trends and adjust enforcement priorities. Deploy resources strategically to areas with the highest collision rates. Collaborate with municipal partners, schools, and community groups to reinforce messaging and prevention efforts. Coordinate with provincial traffic safety programs for consistency and impact.	The Superior East Detachment will focus on the reduction in fatal, personal injury, and property damage collisions by sustaining year-round enforcement and education focused on the Big Four causal factors: impaired driving, aggressive driving, distracted driving, and lack of seatbelt use. Enhanced officer presence and targeted operations will lead to increased compliance with traffic laws, improved public awareness of safe practices, and greater overall safety on roadways, waterways, and trails.

	Track reductions in collisions linked to Big Four factors. Monitor enforcement activity (e.g., number of charges laid, RIDE checks conducted). Measure community engagement through participation in safety initiatives.	
Increase public education and awareness of traffic safety, vehicle safety, and traffic-related legislation through enhanced engagement, presentations, and data sharing.	Conduct seasonal and high-visibility enforcement initiatives, including RIDE programs, marine patrols, and ATV safety checks, with a focus on high-risk areas identified through collision data analysis. Implement ongoing public education campaigns through social media, community events, and partnerships with schools and local organizations to promote marine and trail safety, as well as safe driving and boating practices year-round. Monitor enforcement activity—such as charges laid, RIDE checks conducted, and marine patrol hours—and measure community and officer engagement through participation in safety initiatives.	Education, increased officer presence and engagement, and targeted operations will lead to higher compliance with traffic laws, improved public awareness of safe practices, and enhanced safety across roadways, waterways, and trails.

COMMUNITY WELL-BEING

COMMITMENTS	ACTIONS	OUTCOMES
Increase community engagement and strengthen community relationships through enhanced communication and information sharing.	Increase officer presence at local events to enhance community trust and visibility. Engage with residents through OPP Detachment Board members, social media, and OPP Detachment satisfaction surveys to communicate detachment priorities, crime trends, and safety information. Use social media and the OPP website to provide timely updates on enforcement initiatives, crime prevention programs, and community alerts. Collaborate with OPP Detachment Board members, municipal leaders, schools, and community organizations to address local concerns and support joint initiatives. Monitor growth in social media reach and community feedback. Establish a satisfaction survey and a feedback mechanism for residents to share concerns and suggestions.	These actions will strengthen community trust, improve public awareness of detachment priorities, and enhance collaboration with local partners. Residents will be better informed about safety issues and more engaged in crime prevention efforts. Increased communication and visibility will help identify community concerns earlier, support more responsive policing, and contribute to a stronger sense of safety and well-being across the Superior East Detachment area.
Strengthen relationships with local youth by providing structured and unstructured youth programming, delivering information about topics that impact youth, and prioritizing partnerships with local youth-focused organizations.	Task the Community Engagement Officer with delivering presentations in schools on topics affecting youth, such as online safety, bullying, substance use, healthy relationships, and mental health awareness. Collaborate with local youth clubs, recreation organizations, Indigenous youth programs, and social service agencies to co-develop initiatives.	Increased partnerships, initiatives, engagements, and presentations with and for youth, resulting in positive feedback and outcomes for youth-related interactions with police.

	Facilitate interactive learning sessions, including scenario-based discussions and Q&A forums, to allow youth to engage directly with officers. Strengthen partnerships with youth-focused organizations and increase officer visibility in youth spaces, such as school drop-off/pick-up times, sports tournaments, youth drop-in centres, and community hubs. Encourage officers to volunteer as coaches, mentors, or activity leaders within approved programs. Conduct regular, positive, vehicle and foot patrols in areas commonly used by youth. Partner with First Nations communities and Indigenous youth groups to support land-based learning, cultural camps, and community events.	
Enhance partnerships with local service providers to best support calls for service related to mental health, substance use and addictions, persons with disabilities, persons experiencing homelessness, and other factors that may contribute to increased victimization.	Continue to adhere to the Transfer of Care policy and collaborate closely with local hospitals and related emergency partners. Maintain active membership with the Wawa and Chapleau Situation Tables to identify appropriate services and address underlying factors that may lead individuals to reach a crisis level. Provide education to caregivers and medical professionals regarding the role of police in supporting individuals experiencing mental health issues. Continue in the development of a Mobile Crisis Response Unit (MCRU) in partnership with the Canadian Mental Health	Clearly defined roles and responsibilities with relevant service providers, resulting in decreased victimization and increased support of vulnerable community members by the most appropriate agency. The development of the MCRU would ensure individuals experiencing mental health crises receive timely, compassionate, and appropriate care helping to reduce escalation during calls for service by having trained mental health professionals on-site, further building trust between the community, law enforcement, and mental health services by demonstrating a collaborative, non-punitive approach (improved crisis response, reduced criminalization

	Association and the Sault Area Hospital.	of mental health illness through supportive intervention, enhance community trust, better outcomes for individuals and optimize police resources).
Improve assistance to victims of crime through expanded resources, specialized training for officers, and collaborative partnerships with local agencies.	Provide timely, compassionate, and trauma-informed support to victims. Establish and maintain partnerships with community organizations and victim services to ensure coordinated care. Implement new training initiatives for officers to enhance victim response and advocacy. Explore and secure resources to strengthen our capacity to support victims effectively. Identify and secure funding or grants to expand victim support programs and resources.	The Superior East Detachment will provide timely, compassionate, and trauma-informed support to victims, resulting in improved victim satisfaction and trust in the OPP. Through strengthened partnerships with community organizations and victim services, coordinated care will be delivered efficiently and effectively. Officer training initiatives will enhance victim response and advocacy, while securing additional resources and funding will expand the detachment's capacity to support victims. These efforts will lead to better overall service delivery, reduced re-victimization, and stronger community confidence in the OPP.

OUR VISION

CONTACT THE OPP

Know your location - be ready to describe the situation and your location. Look for addresses, landmarks and buildings that may help identify your location.

REACH THE OPP BY PHONE

- Call 9-1-1 if there is an immediate risk to someone's life or property
 - to stop or report a crime in progress
 - to report a fire
 - to report a life-threatening medical emergency
 - Don't hang up, stay on the line
- To report non-life-threatening incidents that require a police response, use the non-emergency line (1-888-310-1122) or go to opp.ca/reporting
- TTY 1-888-310-1133 or agent 511 for registered subscribers may be used for individuals in the Deaf, Hard of Hearing and Speech Impaired (DHHSI) community to contact police
- For all administrative inquiries or to schedule an appointment, find contact information for your local detachment at opp.ca/detachments

PROVIDE AN ANONYMOUS TIP

- Call Crime Stoppers at 1-800-222-8477 (TIPS) or visit www.crimestoppers.ca

REPORT AN INCIDENT ONLINE

- The OPP offers online reporting for minor, non-emergency occurrences in areas of OPP jurisdiction. opp.ca/reporting allows you to submit a report without visiting or calling.
- Use the online reporting tool for:
 - Theft Under \$5,000
 - Mischief / Damage to Property Under \$5,000
 - Mischief / Damage to Vehicle Under \$5,000
 - Theft from Vehicle Under \$5,000
 - Lost / Missing Property Under \$5,000, including a licence plate(s) or validation sticker(s)
 - Driving Complaints

If you are reporting an emergency, call 9-1-1.

#KNOWWHENTOCALL

9-1-1 is for emergencies only:
If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
